SUBJECT No. 575.

A new building for the Mission school, Kadaba.

Messrs Ramanuja Iyengar and Hutchveeregowda, Gubbi taluk.

Summary of discussion.—The present school building at Kadaba which was given over gratis to the Mission by a charitable gentleman is in a dirty locality. Some *vritti* lands also at Thalerahalli were given over for the maintenance of the building. This subject was brought to the notice of the Mission authorities once before. They are not paying any attention to the education of the boys of this school as they do in other schools and when asked they point to the people and Government. This was once a taluk headquarter and it is prayed that a neat building may be given for the school.

Reply of Government.—Will be referred to the Inspector-General of Education.

SUBJECT No. 576.

Anglo-Vernacular school, Kadaba.

Messrs. K. Ramanujaiengar, and Hutchveeregowda, Gubbi taluk.

Summary of discussion.—There is now a Wesleyan Mission boys' school at Kadaba in the place of the Government taluk Kannada school and Sanskrit patasala which were formerly there and proper instruction is not imparted to the boys in the Mission school.

There is no school anywhere in the Gubbi taluk. Kadaba is a convenient place in the taluk for the location of an A.-V. school. It is prayed that a Government A.-V. school may be established in Kadaba by stopping the grant-in-aid to the Wesleyan Mission as was done to the schools in Nonavinkere and Turuvekere.

Reply of Government.—Will be referred to the Inspector-General of Education for inquiry.

SUBJECT No. 577.

Control over girls' school, Anglo-Vernacular school, etc.

Messrs. Hema Hanumanthaiya, Karnik Nallappa and Yajaman Huchaiya, Tumkur Municipality.

Summary of discussion.—The teachers of the Anglo-Vernacular school, girls' school and also the Zenana teachers not being subordinate to the Deputy Inspector of Schools, no efficient check is exercised over their work and attendance. It is therefore doubtful whether all of them are performing their duties satisfactorily. It is considered desirable that all such teachers should be put in direct subordination to the Deputy Inspector of Schools whose headquarter is Tumkur. It is difficult to the Circle Inspector who has charge of four districts to inspect these schools at least once or twice a year in addition to his other duties. If the retention of Circle Inspectors be considered necessary, it is prayed that orders should be passed that all correspondence of these schools should be invariably carried on through the Deputy Inspector of Schools.

Reply of Government.—The Inspector-General of Education will be consulted.

SUBJECT No. 578.

A building for the primary classes of the Anglo-Vernacular school.

Messrs. Hema Hanumanthaiya, Karnik Nallappa, and Yajaman Huchaiya, Tumkur Municipality.

Summary of discussion.—The number of little children in the Anglo-Vernacular school at Tumkur is so large that there is little or no accommodation for fresh admissions to primary classes. The addition of a new room or
